

## MOVING FORWARD

Copyright 1986 Anthony Marchese

Technology! Technology! Technology! Technology!  
Bringing us down, shouldn't bring us down, shouldn't bring us down.

VERSE 2:

Cure for hunger and cure for disease. Aren't as important as one man's  
disease.  
The government will not pay the rent only for defense.

The best mind's are wasted all the time  
All the best minds are wasted.

Are we moving forward or are we moving back?

Technology! Technology! Technology! Technology!  
Bringing us down, shouldn't bring us down. Brought us down!
