Everyone knows what they want, but rarely do they get it
Life is not that easy, so sometimes you have to settle for the
Next best thing . . .
the next best thing.

Back in school there was this girl, I knew her from a distance.
Although I tried so hard, she knew not of my existence.
I wanted her . . .
I wanted her.

Little Mary Geometry: I loved her like a sister.
She helped me with my homework, and once I even kissed her.
She wanted me . . .
She wanted me.

Everyone knows what they want, but rarely do they get it
Live is not that easy, so sometimes you have to settle for the
next best thing . . .
the next best thing.

BRIDGE:

Dm Dm F C
It was then that I found out that the perfect girl would have me.
It didn't take me long before I broke it off with Mary.
Suddenly I realized I wanted Mary back.
She may be second best, but she always made me happy.

G C F C
She is the next best thing . . .
The next best thing . . .
The next best thing . . .
The next best thing.
